Town residents (10) and 3 contract bidders for town board meeting to follow were also present.

Minutes of April 19 2016 meeting were read and approved ... Dick Williams and Pat Jenkins moved and seconded to approve. Unanimous. Amy presented the 2016 financial statement ... no issues with such. Moved and seconded by Dennis Janusheske and Cedric Schnitzler to approve. Unanimous.

Dennis Janusheske questioned the patch material being used. He believed it does not appear to be as cohesive as previous. Matt and Rick (road crew) presented reasoning on subject. No resolution.

Bill June expressed concern about an entrance to Jackpot Avenue ... no fire number given. His belief it is dangerous. It is across road from Barry Wehrs residence and East of Lemoine property. Kevin Raymer will review the situation.

Clarence Justin presented information dealing with a way for farmers to recycle plastics ... silage bags, bale wrap, etc. It is an enterprise known as Revolution Plastics. Information on such will be given to the recycle / dump attendant for distribution for those that need such.

Clarence Justin suggested that at least one patrolman (road crew) be present at board meetings. Idea is to be available for questions. Kevin Raymer did not share the opinion, stating that road issues should be addressed to the town board and let the board deal with it.

Clarence and Howard both expressed appreciation for 6 years of service from Sue Ellen Justin. She was the town clerk and has decided to enjoy other venues. Kevin expressed same for Howard who decided not to run for town chair.

Motion to adjourn .... Lowell Verkler and Dick Williams .... Approved. Adjourn at 7:40 PM
